PROFESSIONAL SUMMARY

Full-stack developer with experience in React.js, Next.js, Node.js, and MongoDB.
Skilled in building scalable survey platforms, sales automation systems, and integrating third-party APIs.
Focused on performance optimization and clean architecture.

TECHNICAL SKILLS

- Front-end: HTML5, JavaScript, Tailwind CSS, React.js, Next.js.
- State-management: ContextApi, Redux Toolkit, Zustand.
- Back-end: Node.js, Express.js.
- Databases: MongoDB.
- Tools: Git & GitHub, Postman, VS Code

EXPERIENCE

Frontend Developer, Inforises Technologies (Jan, 2025 – Present)

- Working on a dynamic survey management platform designed for various domains, enabling users to create customized surveys, collect responses, and perform data analysis.
- Implemented logic-based survey flows, including conditional branching, question piping, and validation rules, enhancing user flexibility and control.
- Developed modules for real-time analytics and reporting, allowing users to visualize survey results through interactive dashboards and exportable reports

Software Developer, Loyalty Partners IT Solutions (Sep, 2023 - Oct, 2024)

- Developed software solutions, integrating Google Maps API and improve sales verification accuracy.
- Created scalable applications that cut load times by 50% and increased user satisfaction.
- Conducted data analysis that enhanced system functionalities and improved decision-making accuracy.

PROJECTS

Saja Survey (React.js, MongoDB)

- Built a dynamic survey management platform with conditional logic, branching, and smart validations.
- Added data visualization dashboards for filtering, analyzing, and exporting responses.
- Designed an intuitive, responsive UI for both creators and respondents.

Sales Force Automation & Loyalty Projects (Node.js, Next.js)

- Developed modules for expense tracking, order management, quotations, and lead tracking Order Module: Improved order processing accuracy and turnaround time.
- Improved operational efficiency and reduced manual processes.
- Implemented PDF generation using Puppeteer.

EDUCATION

- Bachelor of Technology in Mechanical Engineering | CGPA – 7.4
  J.C. Bose University of Science and Technology, YMCA Faridabad | 2018 – 2022
- XII | CGPA – 7.1
  Rawal Convent School, Ballabhgarh | 2016 – 2018

CERTIFICATION

MERN Stack Developer | Croma Campus - Noida
